

Annual Academic Calendar & Examination Timetable 2025-2026

Northgate Institute of Technology | Term Schedules, Assessment Windows & Institutional Events

1. Academic Year 2025-2026: Structure & Institutional Framework

The Academic Year 2025-2026 at Northgate Institute of Technology is organized in accordance with AICTE's Approval Process Handbook 2024-27 and the University Academic Senate Resolution USR-2025-04. It comprises two standard 15-week instructional semesters — the Odd Semester (Monsoon Term: August 2025 to December 2025) and the Even Semester (Spring Term: January 2026 to May 2026) — followed by an intensive 6-week Summer / Supplementary Term (June 2026 to July 2026). Each standard semester provides a minimum of 90 instructional contact days, satisfying UGC, AICTE, and Washington Accord (Tier-1 NBA) curricular mandates.

The academic calendar is jointly approved by the Academic Senate and the Controller of Examinations and constitutes the official administrative schedule for all student registrations, continuous assessments, mid-semester evaluations, project reviews, practical examinations, reading days, supplementary examinations, and institutional convocations. Divergence from this calendar requires written authorization from the Dean of Academic Affairs and notification to the Registrar at least 48 hours in advance.

2. Monsoon Term (Odd Semester) 2025: Week-by-Week Operational Milestones

The Monsoon Term commences Monday, August 4, 2025. Detailed operational phases:

- **Pre-Term: Orientation Week (July 28 – August 1, 2025):** First-year student induction programme, NEP 2020 Academic Bank of Credits (ABC) registration, hostel check-in, ID card issuance, biometric enrollment, and campus safety orientation.
- **Week 1-2: Instruction Commencement & Add/Drop Window (Aug 4 – Aug 15, 2025):** Regular lectures, tutorials, and laboratory practicals begin. Course Add/Drop window closes Friday August 15 at 5:00 PM. No retroactive course additions after this deadline.
- **Week 3-4: Enrollment Census & Roster Freezing (August 25, 2025):** Official enrollment rosters frozen for state-level AICTE reporting, Ministry of Education data submission, and government scholarship disbursements (NSP, PM-YASASVI).
- **Week 6-7: Continuous Assessment Test I — CAT-1 (Sep 15 – Sep 20, 2025):** Centralized 90-minute theory assessments covering Units I and II. CAT-1 marks must be entered into DCMP within 7 days of test completion by course instructors.
- **Week 9: Mid-Term Academic Deficiency Alert (October 4, 2025):** Course instructors issue formal mid-semester alert notifications through DCMP for students below 50% in CIE component or below 75% attendance. Alerts trigger mandatory advisor-student conferences.
- **Week 10: National Technical Symposium — TechX 2025 (October 10-12, 2025):** Annual inter-university technical competition; instructional classes suspended for 3 days. Participants retain attendance credit under institutional duty leave provisions.
- **Week 12-13: Continuous Assessment Test II — CAT-2 (Oct 27 – Oct 31, 2025):** Theory assessments covering Units III and IV. CAT-2 marks entry deadline: November 7.
- **Week 14: Course Withdrawal Deadline (November 7, 2025):** Last date to formally withdraw from a registered course with a neutral 'W' notation on the official transcript. Tuition refund follows the 50% refund rule applicable after the 30-day census cutoff.
- **Week 14-15: Mini-Project & Seminar Internal Reviews (November 10-14, 2025):** Semester V Mini-Project progress reviews and Seminar presentations evaluated by faculty panels.
- **Week 15: End-of-Instruction Day (November 28, 2025):** Last day of formal classroom instruction. All continuous internal assessment (CIA) component marks frozen in DCMP at 11:59 PM. Post-freeze modifications require signed order from the Department Academic Committee.
- **Practical Examinations (November 17 – November 22, 2025):** Laboratory practicals, coding evaluations, and embedded systems demonstrations conducted with external examiners.
- **Reading Days (November 29 – December 3, 2025):** Five mandatory study days. No supplementary lectures, assignment submissions, or quiz assessments may be scheduled.
- **End-Semester Theory Examinations (December 4 – December 18, 2025):** Centralized 3-hour comprehensive examinations across all slots. Hall tickets issued via SIS portal 5 days in advance. Students with unresolved Bursar Holds or Library Holds are ineligible to appear until holds are cleared through the respective offices.
- **Supplementary Answer Sheet Review (December 20-22, 2025):** Evaluated answer sheets made available for optional student review subject to Rs. 200 administrative fee per script.

- **Result Publication (January 9, 2026):** Official grade cards published on the Student Information System (SIS) portal. Grade cards with institutional seal issued from the Registrar's counter from January 12, 2026.

3. Spring Term (Even Semester) 2026: Comprehensive Operational Timeline

The Spring Term commences Monday, January 12, 2026:

- **Pre-Registration & Fee Clearance (January 5 – January 9, 2026):** Online course selection through SIS portal. Students with active Bursar Holds are automatically locked from course pre-registration pending fee resolution.
- **Instruction Begins (January 12, 2026):** Opening of Spring lectures, tutorials, and laboratory sessions. First tutorial of each course should establish course policy, grading breakdown, and assessment calendar consistent with this institutional schedule.
- **Add/Drop Closes (January 23, 2026):** Final adjustments to Spring course tracks.
- **CAT-1 (February 23 – February 28, 2026):** Mid-term assessment covering Units I & II.
- **Cultural & Literary Fest — Vibrance 2026 (March 12–15, 2026):** Four-day inter-university cultural event; classes suspended for duration.
- **CAT-2 (April 6 – April 11, 2026):** Assessment covering Units III and IV.
- **Senior Capstone (B.Tech Major Project) Final Submission (April 24, 2026):** Bound dissertations and software submissions to the Departmental Project Committee.
- **Practical Exams & Capstone Viva Voce (April 27 – May 2, 2026):** External examiner-evaluated lab practicals and capstone oral defenses.
- **End-Semester Theory Examinations (May 6 – May 20, 2026):** Final theory papers.
- **Spring Results (June 3, 2026):** Final grades and graduation eligibility clearance lists published. Students failing to achieve minimum CGPA of 5.00 are referred to the Academic Standing Board for mandatory counseling and pathway determination.
- **Annual Convocation (June 6, 2026):** Formal conferral of B.Tech, M.Tech, MBA, and Ph.D. degrees. Chief Guest: nominated by the Board of Governors. Dress code: formal academic gown as prescribed by the University Registrar's circular.

4. Summer / Supplementary Term 2026

The Summer / Supplementary Term runs June 8, 2026 – July 18, 2026 (6 intensive weeks). Students carrying backlog theory courses may register for a maximum of 2 courses (8 credits maximum). Summer classes meet daily for 3-hour sessions to satisfy 45-lecture contact norms. Summer examination dates: July 20–24, 2026. Tuition: Rs. 4,500 per credit on a per-credit billing basis. Registration requires written clearance from the faculty advisor and a confirmed academic standing report from the Registrar.

5. Continuous Assessment Mark Freezing, Moderation & Audit

Continuous Internal Assessment (CIA) marks represent 50% of the total course grade. All CIA component marks (CAT-1, CAT-2, quizzes, assignments, attendance) must be entered into DCMP by instructors on the following schedule: CAT-1 marks within 7 days of the test session; CAT-2 marks within 7 days; and the full CIA total frozen 48 hours before the start of practical examinations. Post-freeze alterations require a signed order from the Department Academic Committee, countersigned by the Head of Department, and uploaded to DCMP before 5:00 PM on the working day of the change. Retroactive alterations within 10 days of end-semester results publication will trigger automatic Grade Moderation Committee audit.

6. Practical Examination Administration & External Examiner Protocols

Practical examinations are conducted over 6 working days in batched laboratory slots. External Examiners are appointed by the Dean of Academic Affairs from the approved university panel or from industry partners. Duties include: (a) reviewing the pre-lab design (flowcharts, schemas, pseudocode) submitted in the lab record book; (b) witnessing live code execution and embedded system demonstration; (c) conducting viva voce covering underlying theory, algorithmic trade-offs, and design decisions; (d) independently uploading awarded marks on the exam portal within 2 hours of each session. Disputes over practical marks must be raised in writing within 24 hours of the session.

7. Reading Days: Institutional Policies & Library Extended Operation

During the 5-day Reading Period, the Dr. APJ Abdul Kalam Knowledge Center, the Digital Learning Center (DLC), and all departmental reading rooms operate 24 hours daily with enhanced Wi-Fi capacity and dedicated exam-support staff. No new academic obligations (assignments, surprise tests, mandatory lectures, or project reviews) may be scheduled during this period. Violations by faculty are reportable to the Dean of Academic Affairs and constitute a breach of the Academic Calendar Compliance Policy.

8. Gazetted National Holidays & Campus Observances 2025-2026

The University observes all central government gazetted holidays applicable to educational institutions: Independence Day (Aug 15), Ganesh Chaturthi (Aug 27), Mahatma Gandhi Jayanti (Oct 2), Dussehra/Vijayadashami (Oct 12), Diwali Break (Nov 1–3), Guru Nanak Jayanti (Nov 15), Christmas (Dec 25), New Year's Day (Jan 1), Republic Day (Jan 26), Maha Shivratri (Feb 17), Holi (Mar 14), Good Friday (Apr 3), Eid-ul-Fitr (Apr 11), and Buddha Purnima (May 12). Additional state-specific holidays as announced by the state government are incorporated into the calendar with minimum 48 hours' institutional notice.

9. Doctoral Research Milestones, Colloquium & Thesis Submission

Doctoral researchers (Ph.D. scholars) must fulfill mandatory annual milestones: (a) Annual Progress Seminar at the Departmental Doctoral Colloquium during Week 8 of the Odd Semester; (b) Interim Thesis Report submission by November 30 each year; (c) Pre-synopsis public seminar with 14 days advance notice on the university portal; (d) final Ph.D. thesis submission to the Controller of Examinations following successful pre-submission review and Similarity Index check (maximum 10% excluding references). Viva voce scheduling requires a minimum of 2 external examiners from institutions outside the university system.

10. Course Registration, Late Penalties & Voluntary Leave of Absence

Online course registration opens two weeks before term commencement. Late registration during Week 1 incurs an administrative fee of Rs. 500. Registration portal closes on the second Friday of the semester. Students who fail to register within this window are classified as having taken a Voluntary Semester Leave of Absence (VSLA). VSLA requires formal notification to the Registrar and triggers a mandatory re-admission procedure before the following semester's registration window. A student may take a maximum of 2 VSLAs over the course of their degree programme.
